## 0445110861 CRI14 Fuel Injector Technical Data

### 1. 0445110861 CRI14 Fuel Injector Introduction

#### 1.1. 0445110861 CRI14 Fuel Injector Basic Information

| Title | 0445110861 Common Rail Fuel Injector China Made New |
|-------|---|
| SKU   | G1W20445110861                                      |

#### 1.2. 0445110861 CRI14 Fuel Injector Common Information

##### 1) CRI14 Fuel Injector Exchange Information

| CRI14 Fuel Injector Part Number | Re-manufactured Part Number |
|---------------------------------|-----------------------------|
| 0445110861                      | /                           |
| 0 445 110 862                   | /                           |

##### 2) CRI14 Fuel Injector Application Information

| CRI14 Fuel Injector Part Number | Car Model |
|---------------------------------|-----------|
| 0445110861                      | /         |
| 0 445 110 862                   | /         |

##### 3) CRI14 Fuel Injector Matching Information

| Vehicle brand | Series | Car Model | Engine Model | Production date | Power KW | Horse power | Emission Standards | Manufacturer | Emissions(L) | Cylinder | Power Source V |
|---------------|--------|-----------|--------------|-----------------|----------|-------------|--------------------|--------------|--------------|----------|----------------|
| /             | /      | /         | /            | /               | /        | /           | /                  | /            | /            | /        | /              |

#### 1.3. 0445110861 CRI14 Fuel Injector Part Number Common Writing

0445110861, 0445110861, 0 445 110 862, 0 445 110 861, 0 445 110862, 0 445 110861, 0 445110862, 0 445110861, 0445 110 862, 0445 110 861, 0445110 862, 0445110 861, 0445 110862, 0445 110861

#### 1.4. 0445110861 CRI14 Fuel Injector Parameter

Adaptation System: [Common Rail System](#)

CRI14 Fuel Injector Series: [110 Series](#)

Parameter Performance: [CRI14](#)

Matching Accessories: [Gasket F 00V C17 504](#)

CRI14 Fuel Injector Type: [Electromagnetic CRI14 Fuel Injector](#)

Support System Maximum Pressure: /

Vehicle Configuration Information: /

CRI14 Fuel Injector Size: [21 cm\\*7 cm \\*6 cm](#)

CRI14 Fuel Injector Net Weight: [0.45kg](#)

CRI14 Fuel Injector Gross Weight: [0.6kg](#)

CRI14 Fuel Injector Quality: [China Made New](#)

CRI14 Fuel Injector Package Size: [28 cm\\*7 cm \\*7 cm](#)

CRI14 Fuel Injector Type: [Diesel CRI14 Fuel Injector](#)

CRI14 Fuel Injector MOQ: [4 Pieces](#)

## 1.5. 0445110861 CRI14 Fuel Injector Quality Control

### 1) CRI14 Fuel Injector Testing

All CRI14 fuel injectors are tested for electrical characteristics, accuracy, high temperature, low temperature, withstand voltage, leakage, durability, and various working conditions.

### 2) CRI14 Fuel Injector Assembling

For quality control during the production and installation process of CRI14 fuel injectors, our company strictly follows the standard product installation data and product installation steps for installation and testing, such as injector stroke test, injector solenoid valve tightening torque test, injector nozzle tightening torque test, etc.

### 3) CRI14 Fuel Injector Inspection

The factory inspection of the CRI14 fuel injector is undergone full inspection, random inspection, and batch inspection three inspections. Different brands of test benches are used to test the same CRI14 fuel injector for a total of more than three times for factory inspection, and the CRI14 fuel injector installation testing environment are progressed in dust-free workshop.

## 1.6. 0445110861 CRI14 Fuel Injector Customized Service

- 1) **CRI14 Fuel Injector Customized Service Coverage:** Meet the customized needs of OEM manufacturers for shell lettering, logo engraving, CRI14 fuel injector internal packaging, CRI14 fuel injector external packaging and labels customized, etc.

| No.   | 1   | 2  | 3   |
|-------|---|--|---|
| Image |  |  |  |
| Name  | CRI14 Fuel Injector Nozzle Engraving  | CRI14 Fuel Injector Solenoid Valve Lettering   | CRI14 Fuel Injector Box And Label   |

### 2) CRI14 Fuel Injector Customized Service Requirements:

- ① The purchase of **customized CRI14 fuel injectors** are not less than **10 pieces**.
- ② The purchase of **customized CRI14 fuel injector packages** are no less than **1000 pieces**.

When the customized products involve the need of specify logo, the OEM manufacturer is asked to provide trademark authorization and the sample of logo image file.

⚠ **Once the customized CRI14 fuel injector is sold, it cannot be returned or exchanged if there is no quality problems.**

## 1.7. 0445110861 CRI14 Fuel Injector Packing List and Package Size

### 1) CRI14 Fuel Injector Spare Parts List

| No.         | 1   | 2   | 3  |
|-------------|---|---|--|
| Image       |    |                      |                 |
| Name        | CRI14 Fuel Injector   | O-ring  | Gasket F 00V C17 504   |
| Description | CRI14 fuel injector part number: 0445110861   | Ensure to meet the standard of the sealing performance between the CRI14 fuel injector and the engine | Made of brass, used to ensure the tight fit between the CRI14 fuel injector cap end and the engine |
| No.         | 4   | 5   | 6  |
| Image       |    |                      |                 |
| Name        | Nozzle Protective Protective Cover  | CRI14 Fuel Injector Oil Inlet Hole Protective Cover   | CRI14 Fuel Injector Oil Return Hole Protective Cover   |
| Description | Protect nozzle holes from being polluted and blocked                                | Protect oil inlet from being polluted and blocked   | Protect the solenoid valve body and terminals from being damaged by external forces                |
| No.         | 7   | 8   | 9  |
| Image       |  |                    |               |
| Name        | VCI Anti-rust Bag   | Bubble Bag  | CRI14 Fuel Injector Packing Box  |
| Description | Prevent CRI14 fuel injector from rusting  | Prevent the CRI14 fuel injector from being damaged by external forces                                 | Place CRI14 fuel injector and CRI14 fuel injector accessories                                      |

⚠ Minors are forbidden to use the CRI14 fuel injector assembly, O-ring, gasket, nozzle protective cover, CRI14 fuel injector house protective cover, solenoid valve protective cover, VCI anti-rust bag, and air bubble bag to avoid personal injury.

⚠ O-ring and gasket are disposable installation accessories, and need to be replaced for re-installation.

⚠ The nozzle protective cover, the CRI14 fuel injector house protective cover, and the solenoid valve protective cover are recyclable accessories that can be reused.

⚠ VCI anti-rust bags and bubble bags are non-degradable materials, please dispose of them properly after using.

⚠ The CRI14 fuel injector and the installation parts should be coated with appropriate sealing oil during installation.

## 2) CRI14 Fuel Injector Box Size

Pic No.1

| No. | Name                    | CRI14 Fuel Injector Package Size (cm) |
|-----|-------------------------|---------------------------------------|
| 1   | CRI14 Fuel Injector Box | 28*7*7                                |

### 1.8. 0445110861 CRI14 Fuel Injector Testing Standard and Certificate

We can provide the factory quality inspection test report of each CRI14 fuel injector to ensure that each CRI14 fuel injector delivered meets the engine performance indicators.

| BOTEN              |       | 测试报告         |       | 4.05.2019 10:42:09 |   |

### 1.9. 0445110861 CRI14 Fuel Injector Warranty Instructions

## 1) Product Warranty Conditions and Instructions

It is necessary to provide pictures, videos, or test reports detected by the CRI14 fuel injector inspection equipment as evidence to feed back to the salesman when the CRI14 fuel injector is abnormal during using. Abnormal conditions are properly explained such as: 1.Smoke, 2. Engine shake, 3. Difficulty starting the engine, 4. Engine noise, 5. Oil leakage etc.

## 2) CRI14 Fuel Injector Warranty Coverage

Within 15 days after customer receives the 0445110861 CRI14 fuel injector, if there is a performance failure and the product has no appearance damage, customer can choose to replace it or repair it;

If the 0445110861 CRI14 fuel injector has performance problems during the warranty period (3 months), and it is confirmed that it is product's problems after testing, you can contact our salesmen to replace the same model or a reworked product with the same performance for free;

If the CRI14 fuel injector house has obvious scratches, it can only be repaired and it will be returned as it is if the product is confirmed to be fault-free.

**⚠️ Tips:** For products not covered by warranty, our company can provide paid maintenance services. For products after paid repaired, the same performance problem will have a free warranty period within 3 months from the date of repairing.

### 3) CRI14 Fuel Injector Out of Warranty Coverage

- ① The warranty period has expired.
- ② CRI14 fuel injector failure caused by high temperature, high pressure, humidity, rain and snow, saline-alkali land, earthquake, and used in abnormal environment.
- ③ Customer disassembles or repairs the CRI14 fuel injector personally resulting in damage to the CRI14 fuel injector.
- ④ CRI14 Fuel injector damage caused by man-made reasons (throwing, strong magnetic field magnetization, set fire).
- ⑤ CRI14 fuel injector failure or CRI14 fuel injector damage caused by non-CRI14 fuel injector design, technology, manufacturing, quality and other issues.
- ⑥ CRI14 fuel injector failure due to system pressure exceeding system approved pressure.
- ⑦ CRI14 fuel injector failure caused by system voltage exceeding approved voltage.
- ⑧ CRI14 fuel injector failure caused by impurities (water, lead, aluminum powder, iron powder, sulfide) in the system fuel exceeding the standard requirements.
- ⑨ CRI14 fuel injector failure caused by not installing according to the tightening torque specified in the vehicle engine maintenance manual (the tightening torque is too large or too small).
- ⑩ CRI14 fuel injector failure caused by not following the installation angle specified in the vehicle engine maintenance manual.
- 11 CRI14 fuel injector failure caused by not following the cleaning requirements specified in the vehicle engine maintenance manual.
- 12 CRI14 fuel injector failure caused by failure to replace consumable parts as specified in the vehicle engine maintenance manual.
- 13 CRI14 fuel injector failure caused by not complying with the intake system fit clearance and exhaust system fit clearance requirements specified in the vehicle engine maintenance manual.
- 14 Failure to replace the consumable parts and the fitting clearance of the oil inlet system pipeline and the CRI14 fuel injector connection in accordance with the fuel intake system specified in the vehicle engine maintenance manual.

## 2. 0445110861 CRI14 Fuel Injector Technical Support

### 2.1. 0445110861 CRI14 Fuel Injector Part Number Location

E.g.: See the CRI14 fuel injector part number as follows:

Pic No.3

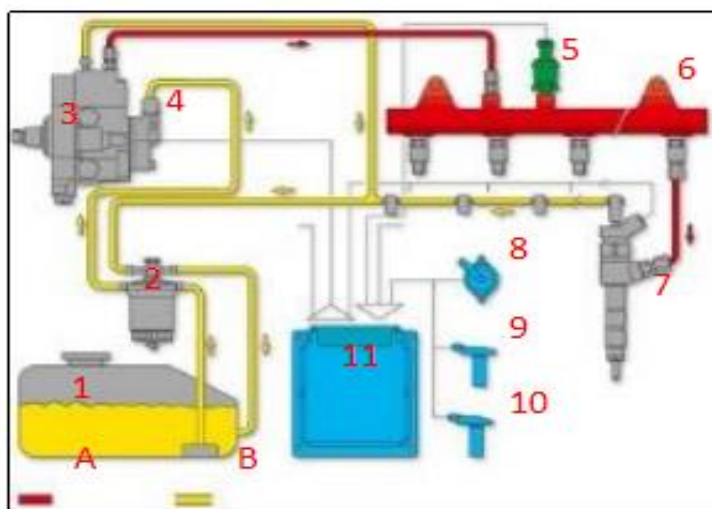

| No. | Name                                    |
|-----|---|
| A   | brand, logo, part number, series number |

|          |                    |
|----------|--------------------|
| <b>B</b> | nozzle part number |
|----------|--------------------|

## 2.2. 0445110861 CRI14 Fuel Injector Application Scenarios

Common rail system is an oil supply method refers to the Fuel oil from the fuel tank sucked out by the gear pump through the oil-water separator and the gear pump to Fuel fine filter, high-pressure pump, common rail pipe, and CRI14 fuel injector, all together with the closed-loop fuel supply system composed of sensors and ECU that completely separates the generation of injector pressure and the injector process from each other.

Pic No. 4

| No. | Name               | No. | Name                        | No. | Name                        | No. | Name                      |
|-----|--------------------|-----|-----------------------------|-----|-----------------------------|-----|---------------------------|
| 1   | Tank               | 5   | Common Rail Pressure Sensor | 9   | Engine Crankshaft Sensor    | A   | High Pressure Oil Circuit |
| 2   | Fuel Filter        | 6   | Common Rail Pipe            | 10  | Camshaft Sensor             | B   | Low Pressure Oil Circuit  |

| 4   | Fuel Gear Pump     | 8   | Accelerator Pedal           | /   | /                           | /   | /                         |

### 2.3. 0445110861 CRI14 Fuel Injector Installation Precautions

- 1) The replacement of the CRI14 fuel injector must strictly follow the electrical system, the approved pressure of the low-pressure fuel intake system, the approved pressure of the high-pressure fuel circuit system, and fuel system replacement consumables requirements (including the low-pressure fuel circuit system filter and the high-pressure fuel circuit) specified in the vehicle engine maintenance manual.
- 2) Replacement of wearing parts of the fuel system, cleaning requirements for the connection between the fuel system and the CRI14 fuel injector, the fitting clearance of the CRI14 fuel injector connection, the installation angle and tightening torque of the CRI14 fuel injector, the fitting clearance of the intake system, and the fitting clearance of the exhaust system to ensure the service life of the engine and the normal operation of the CRI14 fuel injector.

- 3) When installing the CRI14 fuel injector on the engine, it is necessary to clean the engine block, cylinder head and other parts connected to the CRI14 fuel injector, and ensure that there is no dust, carbon deposits, water, rust spots, etc.
- 4) Before installing, check whether the CRI14 fuel injector nozzle gasket has been replaced and installed on the CRI14 Fuel injector.
- 5) When installing the CRI14 fuel injector, apply lubricant between the CRI14 fuel injector, fuel nozzle sealing gasket and O-ring.
- 6) Failure to replace the gasket with a new one may result in: deformation of the tight cap of nozzle, deformation of nozzle, deformation of nozzle orifice, oil leakage and air leakage, which will cause serious damage to the CRI14 fuel injector and nozzle to break and cause damage to the engine.
- 7) When installing the CRI14 fuel injector on the engine, please carefully check the components related to the installation of the CRI14 fuel injector, such as the CRI14 fuel injector pressure plate, sCRI14ew, CRI14 fuel injector rod and other accessories are not deformed, and install it in strict accordance with the operation steps of the engine maintenance manual.
- 8) It is forbidden to operate the bare CRI14 fuel injector for a long time in an environment with serious dust pollution and corrosion to iron products.
- 9) It is forbidden to operate the bare CRI14 fuel injector for a long time in a strong magnetic field environment.

#### 2.4. Reasons For 0445110861 CRI14 Fuel Injector Not Working Normally

- 1) There is air in the oil circuit of the engine fuel system.
- 2) Vehicle oil pump oil supply system is not normal.
- 3) Engine common rail system oil leakage or pressure limiting valve is damaged.
- 4) There is a short circuit, cutting out and poor contact in the wiring harness connected to the CRI14 fuel injector of the vehicle.
- 5) The long-term placement of the CRI14 fuel injector causes the anti-rust oil to solidify, and the internal components are stuck or the oil holes are blocked.

**⚠ Before installing, carefully check whether other components in the common rail system except the CRI14 Fuel injector are damaged so as to prevent the CRI14 fuel injector from not working properly after being replaced.**

#### 2.5. Causes of 0445110861 CRI14 Fuel Injector Being Damaged

- 1) Failure to operate correctly according to the engine maintenance manual during disassembly and assembly resulted in damage to the CRI14 fuel injector.
- 2) The fuel used for the vehicle does not meet the standard, causing damage to the CRI14 fuel injector, such as: the water content in the fuel oil exceeds the standard, iron powder, aluminum powder, sulfide impurities exceed the standard, etc.
- 3) The engine is not regularly maintained according to the engine maintenance manual (please refer to the vehicle maintenance manual for the maintenance mileage). For example, failure to replace the lubricating oil of the engine system for a long time will cause abnormal wear of the engine, excessive exhaust gas volume or a large amount of carbon deposits inside the engine. The filter is not replaced during maintenance or the replaced filter cannot reach the original filter standard. All above reasons can cause damage to the CRI14 fuel injector.
- 4) The abrasion of the oil pump produces iron powder and aluminum powder enter the CRI14 Fuel injector

and cause damage to the CRI14 fuel injector.

- 5) The deformation and abrasion of fuel tank result in iron powder or aluminum powder entering the CRI14 fuel injector and causing damage to the CRI14 fuel injector.
- 6) The CRI14 fuel injector is damaged due to replacement or adjustment of the relevant parts of the CRI14 fuel injector. For example, the valve clearance does not meet the standard after the engine is repaired, the replacement or modification of the wiring harness connected to the CRI14 fuel injector fails to meet the original standard.
- 7) The engine is overheated and overloaded for a long time working results in damage to the CRI14 fuel injector.
- 8) The CRI14 fuel injector will be damaged naturally at the end of its working life.
- 9) The CRI14 fuel injector is magnetized (CRI14 fuel injector parts' magnetic exceeded) causing the CRI14 fuel injector to not work properly.

**⚠ Before replacing the CRI14 fuel injector, please check the engine parts carefully according to the engine maintenance manual to avoid the CRI14 fuel injector being damaged again after replacement.**

## 2.6. **0445110861** CRI14 Fuel Injector Storage Standard

### 1) Choose a Suitable Storage Place

The warehouse and cargo yard where the CRI14 fuel injector is stored should be kept clean and dry, and away from the factory buildings that generate harmful gases and dust; do not mix with acids, alkali, salts and other substances; the storage place should have a good drainage system; the cargo yard should be flattened with gravel or furnace ash etc. to enhance the water permeability of the surface layer to keep the reservoir area dry.

### 2) Strict Requirements of Warehousing

Strict inspections should be carried out when the CRI14 fuel injectors are put into storage, the surface cleaning work should be done well to remove water traces, oil stains, ash and other dirt, remove the rust and do anti-rust treatment in time. Packaged CRI14 fuel injectors must be protected from damage.

### 3) Keep The Warehouse Dry And Preventing Moisture

The relative humidity is usually below 70% for the CRI14 fuel injectors placed in the room, and the corrosion of the CRI14 fuel injectors is significantly reduced.

CRI14 fuel injectors must be stored in the warehouse, and they are forbidden to store in the same warehouse with commodities with high water content.

### 4) Stack Properly

After the CRI14 fuel injector is exposed to rain, the corrosion rate will increase significantly. The purpose of sealing is to isolate the CRI14 fuel injector from rainwater and humid air, so the warehouse window should be checked in time to avoid rainwater entering the warehouse.

If the CRI14 fuel injector package is damaged, it should be repaired or replaced; when the package is damp, the packaging material should be dried; if the original anti-corrosion and oil applied at the factory is found to be damaged or dried up, it should be cleaned and re-applied oil in time.

**⚠ It is forbidden to leave the CRI14 fuel injector exposed in the air for a long time.**

- ⚠ It is forbidden to store acids, alkalis, salts and other substances together with the CRI14 fuel injector.
- ⚠ The unpacked CRI14 fuel injector must be rust-proof during secondary storage.

## 2.7. **0445110861** CRI14 Fuel Injector Technical Support Obtaining Methods

- 1) CRI14 Fuel Injector Technical Data: <https://www.crinjectors.com/download/>
- 2) CRI14 Fuel Injector Videos: <https://www.crinjectors.com/videos/>
- 3) CRI14 Fuel Injector Encyclopedia: <https://www.crinjectors.com/category/news/encyclopedia/>
- 4) CRI14 Fuel Injector Information Query Software:  
TruckBook Parts EPC APP, Android/Apple App Store download and install, visit <http://shumatt.com> to get the download and installation tutorial.
- 5) YouTube:  
Visit [https://www.youtube.com/channel/UCByvYBx7VjV\\_mAfxh\\_Hu-aw](https://www.youtube.com/channel/UCByvYBx7VjV_mAfxh_Hu-aw) to get the technical videos, stay tuned for more information.

## 3. **0445110861** CRI14 Fuel Injector Purchase and Delivery

### 3.1. **0445110861** CRI14 Fuel Injector Purchase Payment Term

**Payment Terms:** T/T, PayPal, Alipay, WeChat

- ⚠ Please contact our salesmen for specific payment information.

### 3.2. **0445110861** CRI14 Fuel Injector Main Sales Markets

CRI14 Fuel Injector Main Sales Markets: Asia, Europe, North America, South America, Africa etc.

### 3.3. **0445110861** CRI14 Fuel Injector Declaration Requirements

Shumatt can assist customers to provide the following documents for import customs clearance: contract, invoice, packing list, bill of lading, insurance policy, certificate of origin, etc.

### 3.4. **0445110861** CRI14 Fuel Injector Shipping Ways

**Destination in China Areas:** SF Express, Debon Express, the corresponding logistics company can be provided according to customer requirements in special cases.

**Destinations Out of China's Areas:** DHL, UPS, FedEx, TNT air, ocean or other shipping methods required by customers.

### 3.5. **0445110861** CRI14 Fuel Injector Lead time

**Lead Time:** Send out within 3 – 7 working days after receiving payment (Except for special products and special cases) .

### 3.6. **0445110861** CRI14 Fuel Injector Logistics Time for Destination Out of China's Areas

**DHL Logistics Time :**

| Country or Region of Departure | Hong Kong, China | Other Countries or Regions of Asia | Australia and New Zealand | Europe | America   | Other Countries |
|--------------------------------|------------------|------------------------------------|---------------------------|--------|-----------|-----------------|
| China's Mainland               | 7 Days           | 7 Days                             | 8 Days                    | 8 Days | 8-12 Days | 7-10 Days       |

**UPS Logistics Time: Country or Region of Departure: China's Mainland**

| Country of Destination | Estimated Arrival Time | Country of Destination | Estimated Arrival Time | Country of Destination | Estimated Arrival Time |

⚠ The logistics time is for reference only and is subject to the actual arrival.

### 3.7. 0445110861 CRI14 Fuel Injector Packing

**Domestic Express Packaging:** Usually wrapped in waterproof scotch tape.

**International Express Packaging:** Wrapped with waterproof yellow tape after wrapping the black protective film.

**Pallet Shipping:** Use fumigation free and recycling trays that meet export requirements, and use white wrapping protective film to wrap and bind with cable ties for the outside, also, the products can be packaged according to customers' requirements.

⚠ The packing tray is made of plastic and can be recycled.

⚠ Transparent tape, yellow tape, black wrapping protective film, white wrapping protective film are non-degradable materials, please dispose of them properly.

⚠ Minors are prohibited from using transparent tape, yellow tape, black wrapping protective film, and white wrapping protective film to avoid personal injury.
